Kaye-Smith Enterprises has a storied history and deep roots in the Pacific Northwest dating to its founding in 1958. Kaye-Smith Enterprises was formed as a joint venture between Les Smith and actor Danny Kaye. In addition to owning and operating radio stations in Portland, Seattle and Spokane and other advertising-related businesses, Les Smith helped bring professional sports to the area as a minority partner in the original Seattle Sounders (1973-1979) and as a managing partner in the Seattle Mariners (1977-1981). In 1987 he entered the graphic arts industry with the acquisition of Lothrop Business Forms; as they say the rest is history which can be found at: www.kayesmith.com/about-us/history/
